

## TOUR-NAINITAL

Our recent excursion with the children and staff of SBT was a blend of excitement, learning, and camaraderie. Departing from Delhi on June 21st, we embarked on a picturesque journey to Sattal, arriving at our cottage early the next morning after a journey filled with engaging tea breaks and lively conversations.

The tour was meticulously planned, with two groups each comprising 80 members, supported by dedicated staff. Committees were formed for various tasks including cleaning, entertainment, food, and sports, ensuring seamless logistics and fostering a warm, homely atmosphere throughout our stay.

**Highlights of our adventure included boating on Sattal Lake, moments of relaxation at Naldamyanti Tal, educational visits to the local zoo, and delightful shopping excursions on Maal Road, Nainital. Of course, no trip would be complete without savoring the diverse and delicious local cuisine, adding a flavorful touch to our experience.**

This journey was more than just a getaway; it was an opportunity for everyone to connect with nature, learn from each other, and create cherished memories together.
